PROFILE

Skilled developer specializing in web development, with expertise in HTML, CSS, JavaScript, React. Experienced in building responsive, user-friendly apps.. Always eager to learn and adopt new technologies to deliver innovative solutions.

PROJECT

TrHunt – *JavaScript, React, Tailwind CSS*

Developed an interactive browser-based game where players navigate through levels to complete hidden challenges. Implemented responsive design using Tailwind CSS and managed game logic with React components for smooth user interaction.

NewsNow – *JavaScript, HTML, CSS*

Built a web application that fetches and displays the latest news headlines using a public news API. Designed a clean, user-friendly interface with HTML and CSS, and used JavaScript to handle API requests and dynamically render content.

Currency Converter Web App – *React, HTML, CSS*

Developed a responsive web application that allows users to convert between multiple currencies in real-time. Integrated a public exchange rate API to fetch live conversion rates and implemented dynamic UI updates using JavaScript.
